## 1.0 INTRODUCTION

This Capability List has been prepared in accordance with the current Federal Aviation Regulations (FARs) and the policies of Segers Aero Corporation. Segers Aero Corporation is a certified Repair Station with Limited Ratings as noted on the Repair Station Operation Specifications and the Repair Station Capability List.

Due to changes occurring in the aviation industry, this list may be revised from time to time. The Capability List will be revised only when the repair station elects to add or delete an article. To allow for timely, accurate revisions, this manual incorporates a Record of Revisions page and a List of Effective Pages. This manual is only structured to include only those powerplants, components, and accessories that are authorized to be maintained, repaired, and overhauled by Segers Aero Corporation as approved by the Federal Aviation Administration (FAA).

The Accountable Manager is responsible for ensuring that the Repair Stations' Capability List is consistent with the Repair Station Ratings. The Quality Manager will ensure that a self-audit is completed before placing an article on the Capability List, which are authorized for maintenance, (including inspection), preventive maintenance, or alteration by Segers Aero Corp as approved by the FAA.

## 2.0 PURPOSE

The purpose of this document is to provide a list of the engines, propellers, components, and accessories to be maintained, repaired, or overhauled under Segers Aero Corporation's Limited Ratings in accordance with the approved Repair Station Manual, manufacturer's instructions for continued airworthiness, and FAA regulations.

## 3.0 SCOPE

In accordance with the Limited Ratings, the Repair Station Operation Specifications, and the FAA regulations, only those engines, propellers, components, and accessories on the Capability List will be maintained, repaired, altered, or overhauled by Segers Aero Corporation Repair Station.

## 4.0 REVISION

When changes or additions to the Capability List are required, the Accountable Manager will coordinate with the Quality Manager and a self-audit will be accomplished. Form 800 Capability List Self-Audit located in Appendix I of the SAC Repair Station Manual will be used to establish the readiness of the shop before adding a new article to the Capability List. The audit will include a verification of tooling, equipment, and manuals. The revision procedures enable this repair station to revise this Capability List to ensure it meets Segers Aero Corporation needs and is consistent with all regulatory requirements. Any revisions to the list will require new Record of Revisions page with the new revision number and date of authorization. These changes will be submitted to the FAA for approval after a self-evaluation has been accomplished. The FAA shall be notified within 5 business days of a revision.

**5.0 CAPABILITIES**

**5.1 LIMITED RATINGS**

Limited Ratings	Manufacturer	Engine Model/Series	Limitations
Power Plant	Pratt & Whitney Canada	PT6A All Series	Authorized to perform maintenance, removal, inspection, testing, repair and overhaul to engines, components, subassemblies including hot section inspection and welding. Work shall be in accordance with manufacturer's current technical data, the customer's Air Carrier Manual or other data acceptable to the Administrator.
		PT6T All Series	
Power Plant	Rolls-Royce	501 All Series	Authorized to perform maintenance, removal, inspection, testing, repair and overhaul to engines, components, subassemblies including hot section inspection and welding. Work shall be in accordance with manufacturer's current technical data, the customer's Air Carrier Manual or other data acceptable to the Administrator.
		T56 All Series	
Airframe	Lockheed	C-130 all series	Authorized to perform maintenance, removal, inspection, testing, repair and overhaul of the QEC unit including inspection and welding of components and subassemblies in accordance with manufacturer's current technical data, the customer's Air Carrier Manual or other data acceptable to the Administrator
		L-100 all series	
		L-188 all series	
		L-382 all series	
		P-3 all series	
Airframe	Convair	CV580	Authorized to perform maintenance, removal, inspection, testing, repair and overhaul of the QEC unit including inspection and welding of components and subassemblies in accordance with manufacturer's current technical data, the customer's Air Carrier Manual or other data acceptable to the Administrator

Limited Ratings	Manufacturer	Engine Model/Series	Limitations
Airframe	Grumman Hawkeye	E-2 Series	Authorized to perform maintenance, removal, inspection, testing, repair and overhaul of the QEC unit including inspection and welding of components and subassemblies in accordance with manufacturer's current technical data, the customer's Air Carrier Manual or other data acceptable to the Administrator
Accessory (Electrical and Mechanical)	From the approved Capability List as amended	From the approved Capability List as amended	Authorized to perform maintenance, removal, inspection, testing, repair, overhaul and alteration in accordance with the manufacturer's current technical data, the customer's Air Carrier manual or other data approved by the Administrator.
Propellers	Collins Aerospace	54H60 -77, -91 and -117	Authorized to perform inspection, test and major/minor repair and overhaul in accordance with the manufacturer's maintenance manual or other data approved by the administrator to include balance, NDI, Heater Boot Repair, Dome Repair, Blend/Grind and Paint
Non-destructive Inspection, Testing, and Processing	Not Applicable	Not Applicable	Authorized to perform Liquid Penetrant and Magnetic Particle Inspection in accordance with ASTM E1417 and AMS 2647 specifications contained in the Equipment Manufacturer's Manuals or other data approved by the Administrator

5.2 ACCESSORIES

Part Number	Description	Manufacturer
13777	Feather Solenoid Valve	Koontz Wagner
32141	Oil Tank sump Drain Valve	Dayton
32164	Tach Generator	Rolls-Royce
40088	Fuel Pressure Switch	Rolls-Royce
40588	Ignition Exciter	Rolls-Royce/General Laboratory Assoc.
43432	Ignition Exciter	Rolls-Royce/General Laboratory Assoc.
48950	Ignition Exciter	Rolls-Royce/General Laboratory Assoc.
66039	Hydraulic Pump	Parker Aerospace
72005	Fuel Pressure Warning Switch	Rolls-Royce
95023	Low Oil Pressure Warning Switch	Rolls-Royce
95024	Low Oil Pressure Warning Switch	Rolls-Royce
107204	Air check Valve	Airesearch
123188	Air check Valve	Airesearch
132555	Oil Tank Shut-off Valve	Whittaker Controls
132965	Sump Valve, Oil	Rolls-Royce
175575	FCU Solenoid	Honeywell
179307	Actuator, Geneva Loc	Honeywell
440074	Ignition Exciter	Rolls-Royce/General Laboratory Assoc.
579243	NTS Actuator	Rolls-Royce
701674	Fuel Pressure Switch	Rolls-Royce
781978	Valve Assy, Fuel Enrichment Shut -Off	Rolls-Royce
1034540	Actuator Electro Mechanical	Rolls-Royce
5231975	Fuel Nozzle	Rolls-Royce
6404259	Speed Sensitive Control	Rolls-Royce
6404486	Speed Sense Control	Rolls-Royce
6731241	Insulator	Rolls-Royce
6781568	Anti-ice Solenoid Valve Assy	Rolls-Royce
6781978	Starting Fuel Enrichment Valve	Honeywell
6782366	Spark Igniter	Rolls-Royce
6786247	Insulator	Rolls-Royce
6789699	Main Pressure and Scavenge Pump	Rolls-Royce
6789851	Main Pressure and Scavenge Pump	Rolls-Royce
6791289	Filter Assy, Oil, Main	Rolls-Royce
6792265	Main Pressure & Scavenge Pump	Rolls-Royce
6793049	Pump Assy, Oil Main Pressure Scavenge	Rolls-Royce
6794208	Control Assy Coordinator	Rolls-Royce
6794213	Control Assy Coordinator	Rolls-Royce
6794215	Control Assy Coordinator	Rolls-Royce
6794233	Fuel control	Honeywell
6794250	NTS Actuator	Rolls-Royce
6794320	Fuel Nozzle	Rolls-Royce
6794642	RGB Scavenge Pump	Rolls-Royce
6805175	Feather Solenoid	Koontz Wagner
6805230	Ignition Exciter	Rolls-Royce/General Laboratory Assoc.
6805307	Ignition Exciter	Rolls-Royce/General Laboratory Assoc.
6805387	Filter Assy., Fuel Low Pressure	Rolls-Royce
6805436	Filter Assy, Fuel, Double Paper Element	Rolls-Royce
6805734	Spark Igniter	Rolls-Royce
6805738	Spark Igniter	Rolls-Royce
6805993	Switch Assy, Thrust Sensitive	Rolls-Royce
6807784	Harness Assy, Power Unit Wiring LH	Rolls-Royce
6808310	NTS Actuator	Rolls-Royce

572865	Brush Block	Collins Aerospace
582777	Pitch Lock Regulator	Collins Aerospace
582855	Valve Housing	Collins Aerospace
54H60-117	Propeller	Collins Aerospace
54H60-77	Propeller	Collins Aerospace
54H60-91	Propeller	Collins Aerospace
557700-1	Afterbody and Anti-icing	Collins Aerospace
568156-1	Mounting Bracket	Collins Aerospace
704174-1	Afterbody and Bracket	Collins Aerospace
704174-2	Afterbody and Bracket	Collins Aerospace
704175-1	Spinner and Afterbody	Collins Aerospace
704175-2	Spinner and Afterbody	Collins Aerospace
705079-1	Mounting Bracket	Collins Aerospace
705079-2	Mounting Bracket	Collins Aerospace
714325-1	Valve Housing	Collins Aerospace
714325-2	Valve Housing	Collins Aerospace
714325-3	Valve Housing	Collins Aerospace
714325-5	Valve Housing	Collins Aerospace
714325-7	Valve Housing	Collins Aerospace
714326-2	Control Assembly	Collins Aerospace
714326-3	Control Assembly	Collins Aerospace
714326-4	Control Assembly	Collins Aerospace
714326-5	Control Assembly	Collins Aerospace
714326-7	Control Assembly	Collins Aerospace
714326-8	Control Assembly	Collins Aerospace
733872-2	Pump Housing	Collins Aerospace
733872-5	Pump Housing	Collins Aerospace
733872-6	Pump Housing	Collins Aerospace
733895-1	Pitch Lock Regulator	Collins Aerospace
737189-2	Front Bulkhead Support	Collins Aerospace
737195-2	Front Bulkhead Support	Collins Aerospace
738398-1	Pitch Lock Regulator	Collins Aerospace
767999-1	Pitch Lock Regulator	Collins Aerospace
767999-1	Pitch Lock Regulator	Collins Aerospace
773823-1	Front Spinner and Heater	Collins Aerospace
773824-1	Spinner Front	Collins Aerospace
773825-1	Spinner Front	Collins Aerospace
774474-1	Low Pitch Stop Assembly	Collins Aerospace
