MEMORANDUM FOR SEGERS AERO CORPORATION

FROM: AFLCMC/WLNE

SUBJECT: Re-Substantiation Extension for New TO3H1-18-3 Propeller Overhaul Processes

1. Segers Aero Corporation (CAGE; 0NMM2) was approved for repair and overhaul of 54H60 propellers on 16 April 2021. The letter of approval is valid for three years, expiring 16 April 2024.
2. C-130 Engineering has received Source Resubstantiation Request (SRR) from Segers Aero Corporation dated 15 February 2024. Engineering evaluation is in progress and will require review of process documentation and site visit.
3. An extension of the re-substantiation period is required to complete the evaluation with due-diligence. C-130 Engineering authorizes a 120-day extension of the original source approval, extending the expiration date to 13 August 2024.
4. Questions may be directed to Derrick White at (910)265-4302.
