**Subject: T56 3.5 Upgrade Readiness Designation Confirmation**

To whom it may concern,

This letter serves as formal confirmation that Segers has successfully completed the Rolls-Royce T56 3.5 Upgrade Readiness Program and has been granted the designation of “3.5 Ready AMC”.

This designation is awarded upon successful completion of a comprehensive readiness program designed to ensure that an Authorized Maintenance Center (AMC) is fully prepared to support the integration and execution of the T56 Series 3.5 Upgrade.

As part of this program, Segers was evaluated against criteria defined in the Rolls-Royce 3.5 Upgrade Readiness framework including:

- Tooling & Equipment Readiness - Verified investment and availability of required tooling and equipment to perform the T56 3.5 Upgrade.
- Test Cell Capability – Certification and readiness to test Series 3.5 upgraded engines
- Training & Workforce Competency – Completion of Rolls-Royce training programs ensuring demonstrated understanding of 3.5 upgrade requirements
- Quality & Process Integration – Demonstrated incorporation of upgrade requirements into the AMC’s quality management system
- On-Site Gap Analysis – Completion of assessments to validate facility and capability alignment
- First Article Support & Execution – Successful coordination and execution of initial integration activity with Rolls-Royce support

Following successful completion of these requirements, Rolls-Royce has established confidence in Segers ability to independently perform & support T56 Upgrade integrations in accordance with program expectations.

Should additional information be required, please contact the undersigned.

Sincerely,

A handwritten signature in black ink that reads "Ryan Huth".

Ryan Huth
